Description

Elite Academy

The goal of our academy is to generate and provide excellence in the development of soccer players. Our mission is to provide a fun and challenging environment of training with an extreme focus on the technical and tactical ability of each player. Exercises will be specifically designed to keep players under constant pressure resulting in a higher "comfort level" on the ball and a concentrated focus on improved decision making.

Can't Make all the Sessions!

If you are not able to attend one of the academy days during the week, it's no problem. All player's are welcome to attend any day or session that fits their schedule in order to get their 2 academy sessions per week.
